

Memorandum

To: Anmore Councillors
From: Mayor Heather Anderson
Date: December 12, 2010
Re: Daycare Project

The Village of Anmore received an extension in September 2010 from the Ministry of Children and Family Development for the grant to build a daycare. I have, as you know, been exploring with the Ministry options available to complete this project, so that the residents of Anmore will benefit from such a service.

Based upon the information received to date, it appears that there are three options available. The options are as follows:

- Build a stand-alone building for the daycare,
- Build the daycare as part of another project, or
- Not build the daycare.

After several conversations with representatives from the Ministry of Children and Family Development it would appear that the best option is to proceed with the daycare as part of another building project.

Therefore I would like to propose the following resolution be considered by Anmore Council:

“That the Village of Anmore instruct staff to initiate discussions with the Coquitlam School District about the possibility of including the Anmore daycare within the Middle School being built in the Village of Anmore.”

If you have any questions about this resolution, I would be happy to discuss this at the December 16th, 2010 Council Meeting.
