

BELCARRA'S FREE MINI LIBRARY!

BY: Zara, Chelsea, Max and Owen

There is a new mini library in Belcarra! The four of us really like the ones in Port Moody so we wanted our community to have one... Zara and Max's dad helped build it and we got together to plan and paint it at the Belcarra Park. The boys got one side of the library and the we got the opposite one. We had to think of something nice to paint for Belcarra. "The sunset is nice we could paint that!" the girls decided. "Sure, the sunset, but with the view of the ocean." So, the girls got to work. Meanwhile, the boys overheard and decided they would do a sunset but instead of the ocean view they would do a goose. We burst into laughter! We got to work and when everyone was finished we stood back and admired it. Then we added a finishing touch... On the back we added our handprints and wrote our names in them. The boys also painted the front cover with trees.

Everyone is welcome to use it and trade good books! Just please take care of it.

Thank You!!!!!!

BELCARRA'S FREE MINI LIBRARY!

BY: Zara, Chelsea, Max and Owen

We are willing to give books to our community. I want people to see the wonderful stories books have. My teacher said, "It is better to be a bucket filler (someone who is kind, shares, and helps). Then a bucket dipper. [Someone who hurts others, says mean words, and bosses everyone). That's when Belcarra's little free book library comes in. Belcarra's first library!

I enjoyed painting the spectacular sunset with Chelsea, with pure green mountains hiding half of the sun. You can't miss my red bright heart on the back of the library. My brother Max made a GREEN jellyfish! All the kids and adults laughed with excitement.

We have lots of books we read. We want to share with other kids in Village of Belcarra

By: Max N

We made the library for everyone. You can all use it. There will hopefully be good books to share.
