

Sasamat Volunteer Fire Department Member Profile

Name: **Ken “Halloween” Honigman**

Home Municipality: **Anmore**

Work Background: **Kruger Products**

Years as SVFD Member: **6**

Why I joined the SVFD:

It was a perfect fit for me on so many levels, especially when one lives in such a great community. It made it easy to step up and become a volunteer firefighter.

What the SVFD means to me:

The SVFD has allowed me to serve the community while doing something that I love. It has allowed me to meet so many great people in both Anmore and Belcarra that I may have never met otherwise.

I quote a fellow firefighter and agree with him 100%: “I do not look at it as giving back to the community; it is more like the community is giving back to me”.

Memorable moment as a volunteer:

There are so many, it is hard to choose just one. I would have to say one of the top moments of volunteering was when the community came together and helped re-landscape the fire hall grounds. It blew me away, the number of people who showed up in support of the Fire Department. It was just one more reason to add why I so love living here.

Hope to see you all at “Anmore Manor” this Halloween. Please visit our Facebook page for more information.
